## CTCPA Town Hall Meeting: From New Laws to Next Steps – Employment, Privacy, and AI in Connecticut

Wednesday, Oct. 21 9:00am - 10:00am Online 1.00 Credits

A number of Connecticut law changes that may be relevant to your organizations became effective October 1, 2026. We've summarized them all in an easy-to-digest Advocacy Alert that will help you find what matters to you and your clients. Download the Advocacy Alert >> ... But what do you do with that information? Join us for a practical look at Connecticut's new employment, privacy, and AI laws. Dan Schwartz of Shipman & Goodwin will address employee monitoring, workplace AI, and employer responsibilities. Jake Buttiker of Day Pitney will explain important privacy and AI requirements involving consumer data, automated decision making, and data governance. Michael Pelletier of CLA will close with practical guidance for CFOs, controllers, internal auditors, and other finance leaders responsible for overseeing their organizations' use of AI. Learn what your organization should review, change, and prepare for now. You must register to attend and receive CPE credit.

## CTCPA Town Hall Meeting: Election Results and What Comes Next
